Project Address

Address

Legal Description of Property (Ex. NW/4, Sec. 32, T14N, R5W)

City, State, Zip Code

Project Mailing Address (If Different)

Mailing Address (If Different)

Phone Number    \$    Estimated Value

Phone Number

Project Housing Addition (If Applicable)

**Please check that the following are included (legible handwritten materials are accepted):**

- A vicinity sketch of the site for which a permit is required, including a legal description of such property, and boundary line survey. If platted, a copy of the plat may be submitted.
- Site drawings indicating each separate land area to be excavated, filled, graded, or leveled, the finished depth of each separate land cut or fill, the present and future (as completed) points of entry and discharge for surface water on the subject property, and identification of all temporary or permanent structures or other devices to be erected or established for the purpose of controlling or regulating surface water and erosion on such property.
- The applicant's plans for controlling on-site erosion and off-site sedimentation for the purpose of minimizing the deposit of sediment from the tract under application upon any other off-site public or private property or watercourse during all phases of project construction.
- The applicant's plans for receipt of surface water on his property and discharge of surface water from his property during periods of construction and a statement specifying the anticipated time period for completion of all drainage improvements.

*The applicant attests that all improves shall meet or exceed International Residential Codes (IRC) and/or International Building Code (IBC) and conform to the Piedmont Zoning Ordinance, Subdivision Regulations, and all other applicable ordinances. All improvements shall be null and void if the foundation is not completed within six (6) months or the improvement does not meet or exceed the above requirements or if any application information is incorrect.*
